## OBJECTIVE

---

Aspiring Full Stack Developer skilled in React.js, JavaScript, MySQL, Java, and DSA problem-solving, seeking opportunities to apply skills in real-world projects.

## EDUCATION

---

**ZEAL COLLEGE OF ENGINEERING AND RESEARCH, PUNE**

Expected 2027

Bachelor of Engineering in Electronics and Computer Engineering

Current CGPA: 7.75/10 (up to 4th Semester)

Coursework: OOP, Operating System, Data Structures and Algorithms

## SKILLS

---

**Technical Skills**      Java, JavaScript, React.js, Spring Boot, MongoDB, MySQL, Git & GitHub, DSA

**Soft Skills**            Communication, Teamwork, Problem-Solving, Time Management, Leadership

**Languages**            English (Native), Marathi & Kannada (Native), Hindi (Proficient)

## PROJECTS

---

### Next.js CRUD App

([Link](#))

Designed a full-stack CRUD app using Next.js, Prisma, and Neon PostgreSQL with secure file uploads via Upload-Thing. Implemented StackAuth authentication, environment configuration, and deployed on Vercel with optimized database pooling and CI/CD.

### Food Delivery App

([Link](#))

Developed a complete food ordering system using React.js, Node.js, Express, and MongoDB. Implemented authentication, cart management, order tracking, and admin dashboard. Built a fully responsive UI and optimized backend APIs for real-world performance.

### YouTube Clone

([Link](#))

Built a video streaming platform using React.js and YouTube Data API. Improved content discoverability by 40% with real-time search and filters. Designed a fully responsive UI for seamless multi-device performance.

### QuickCart App

([Link](#))

Developed a fast and simple e-commerce shopping cart application with product listing, add-to-cart flow, price calculation, and smooth UI. Implemented reusable components and state management for seamless user interaction.

## ACHIEVEMENTS

---

- Participated in Internal Smart India Hackathon 2025
- Innothon 2025 (Finalist)
- Eureka 2025
- Founder and Leader of College Tech Club, organizing workshops and coding events
- Solved 200+ coding problems on LeetCode

## CERTIFICATIONS

---

- Full Stack Developer
- Introduction to Generative AI
- Basics of Python
